Cottona ♥ Summer

The terrace is open, welcome summer! Time for outdoor dining. Table styling in summer time is a delight - an outdoor tablecloth in a new colour, complemented by new placemats in soft shades and you'll be laying the table with summer, so to speak.

In this magazine, we'll give you ideas for setting your table and introduce you to the latest colours in our collection. We hope it inspires you to create your own summer table. Will you bring summer to your table with the Lemon Field style? Or maybe decorate the table with the romance of Evening Park? We'll give you ideas for styling your table, but feel free to mix and match them to fit your own taste and style. That's the strength of our wide-ranging collection, the possibilities for creating your own personalised summer table are endless! And as always, whatever choice you make will be a choice for Cottona style and quality.

Have fun styling your summer table!

New in the collection: leather placemats

Rugged (imitation) leather placemats.
Available in five colours.

The warm, rugged look at its best! These (imitation) leather placemats are not only a real eyecatcher on your table but are very easy to clean as well with a damp cloth. Therefore ideal for restaurants and lunchrooms, but of course also handy at home. Versatile in use if you go for a clean look without tablecloth or just don't want your tablecloth stained. Combines beautifully with the natural look of tablecloths, table runners and napkins made of linen or cotton.

A dark grey tablecloth is the background, covered with numerous water droplets of various sizes. In the upper left, three clear glass tumblers are stacked. In the upper center, a clear glass bowl is tipped on its side. In the upper right, a stack of light-colored ceramic bowls is partially visible. The scene is lit with natural light, creating highlights on the glass and water.
